

Captain Report 2008

Excalibur

This year the team was not as strong as previous years. This was because some of our strong fencers had exams or were involved in other events that they could not get out off, which left us with reduced teams.

They all did their best that they could that weekend but this event is getting stronger and stronger.

The ladies epee team Nicola Bartlet, Kathryn Dolan and Chloe Shaw gelled well and fenced like the clappers only losing to Middlesex. This put them in contention for the epee team trophy, coming joint first with two other teams, only to loose out on victories

The men's foil fenced well taking second place this year saw the one of our junior fencers Alec Makucewicz joining peter Barwell and Simon.

The ladies sabre team consisted of only Reannon Lawson for most of Saturday who battled through winning points for the county. She was then joined by Lara Hunter-Thomas who was loaned to us by another county who boosted the team to gain a few victories for the county.

The rest of the team fenced well gaining points.

Many thanks to Peter Huggins, who as usual supported us with refereeing and any problems.

Thanks to the team for the effort,

On behalf of the team, thanks to the County for the help they gave us.
